SLIDE
Is he trying to hide his complexion?
That may be due to his high position.

Even if I want to comfort him, I can't do it in this place.
He must be so lonely.

He stared at me without realizing it.
I don't know what he's going through.

His expression was so dark for a moment.

Even when he smiles...

I feel like he's heartBroken

I feel so Bad,

I am relieved that the duke is not here ...

...I would have gotten in trouble if this place wasn't so far away, I have to control myself

That's excessive.
